INFO Full Stack Developer and Professional Cloud Architect with **6** years of experience in designing and implementing scalable web applications

EDUCATION B.E in Computer Science (Panjab University) - 2018

EXPERIENCE **Tech Lead at MonkAI Technologies** **May 2020 - Jun 2024**

TechStack: NodeJs, ReactJs, AWS, MongoDB, Redis, GKE, Flutter

- Improved React video player load time by 20% using CloudFront for caching, resulting in better TTFB.
- Reduced database expenses by 17% by integrating Redis caching, optimizing database call efficiency.
- Managed 9 Flutter applications featuring in-app purchases, animations, push notifications, maps, and authentication, successfully released on Play/App Store, increasing user engagement by 15

FullStack Developer at Paxcom **May 2019 - Nov 2019**

TechStack: NodeJs, ReactJs, PostgreSQL, GraphQL

- Reduced node server load by offloading heavy CPU computations (image processing, CSV to HTML conversion) using multithreading and microservices, enhancing server performance by 27

Software Engineer at Block8 **May 2018 - May 2019**

TechStack: ReactJS, NodeJS, MongoDB, Java

- Enhanced React-Node app speed by 25% by optimizing database queries and utilizing CDN for static assets. Developed a custom framework to streamline React project setup, reducing development time by 30
