Cover Letter

Dear Recruiter,
I am listing some of my renowned and scalable projects. Each one reflects my commitment to excellence and innovation in the field

01

Gate Scholar 1248

All India Rank (AIR) of 1248 in the Graduate Aptitude Test in Engineering (GATE) demonstrates my strong grasp of computer science fundamentals. GATE is known for its rigor and competitiveness, it is also considered to be one of the toughest examinations in the world for computer science students.

02

Google Frontend Call

Received an invitation from a Google recruiter for a frontend position in 2023, recognizing my impactful online contributions and assistance across various forums on subjects including Algorithms, Data Structures, Resume Writing, and more

03

ChallanGPT

AI integrated into the dashboard will monitor metrics such as whether the driver is speeding, showing signs of drowsiness, driving rashly, turning without using indicators, not wearing a seatbelt, driving rashly, traveling on the wrong side of the road, running red lights, air pressure in every tyre, among other important measures

04

VidurGPT

vidurGPT, inspired by the sagacious character Vidur from the epic Mahabharata, is crafted to offer guidance, resolve doubts, awaken insights, and provide counsel. To remove stress and bring a smile on your face - start chatting with Vidur.
